Office Memorandum

TO : L. A. Korth, Director
Design and Right of Way Division

DATE: January 5, 1976

FROM : L. E. Foote

SUBJECT: Independence Rest Area Usage Study

Attached is report covering the above subject. The survey was conducted for a five day period, 8 hours each day over a weekend in August. All results were about as we had anticipated, except that the percentage of vehicles entering, as compared to the mainline traffic, was slightly lower than we had predicted. During these five days the site serviced about 1,554 people. About 200 people made use of the travel information board.
